The Revenue Comm^r in his
No D 4 of 23-24 dated 2.6.24
Requests sanction to start
4 Tank maintenance works
in the Gubbi Taluk involving
gvt liability of Rs 10,096 and
forwards for sanction a list showing 12
other works in the same Taluk
of which three have already
been started & completed with an
excess liability of Rs 3716-8-0
& requests administrative
sanction to the other 9.

Of the four works proposed
to be started, it will be seen
that the Gvt liability is Rs 975
in respect of only one as against
one year's assessment of Rs 1600.
In the case of the other three
the excess over the ryots' share
is quite disproportionate and
the total liability on gvt account
of these four works also
amounts to Rs 10,096/- It is
therefore for consideration whether

whether the R.C. may not be requested to instruct the D.C. to select some other tanks — of course useful to the labourers. In this connection it is also for consideration as to whether it is necessary to start these works in view of the conditions rainfall in this area during the last one month & that the ag labourers are finding employment on agricultural operations. This is also the tail-end of the Rabi year and it is not likely that any one of them will be completed by the 30th and any provision made therefor will only lapse. Under these circs it seems best to defer these works as well as the 9 works referred in the list & for which administrative sanction is sought.

Sanction will have to be accorded to the three works which have been completed during the current year Rs 3716-8-0.

5 As regards the two estimates for Rs 12575, to which sanction is now sought; they will come under Restoration works. The Dy Conservator on the subject is dated 27 Aug & on account of the rain fall that has been since the commencement of operations it does not appear to be necessary or desirable to undertake these construction works

No. D. 4 of 23-24.

From

R. Chandy, Esquire, B.A.,

Revenue Commissioner in Mysore.

To

R.V. Anantaraman, Esquire, B.A.,
Secretary to the Government of
H. H. the Maharaja of Mysore,
Revenue Department, Bangalore.

SIR,

In continuation of my letter No. D.4 of 23-24 dated 29th May 1924, I have the honour to forward herewith copy of letter No. D.C.1340 of 22-23 dated 27th May 1924 from the Deputy Commissioner, Tumkur District, requesting sanction for the starting of the marginally noted 4 tank maintenance works of Gubbi Taluk as they are considered very necessary to provide labour for the cooly classes. The excess over the ryots' share of contribution amounts to Rs.10,096/-, which will have to be borne by Government. As already observed in my previous letter, the need for starting more tank maintenance works is still great in the badly affected areas. I therefore request that you will be so good as to obtain sanction of Government for these works.

4. Mattighatta"	1300	199	1,101

The Deputy Commissioner forwards a list (enclosed) of 12 other works

works also. Three of these were started before receipt of the Government Order about excess maintenance charges, and completed and the incurring of excess liability of Rs.3,716-8-0 may therefore kindly be sanctioned

In view of the general situation in the District, which is not very encouraging, I request that Government may be pleased to give administrative sanction to the starting of the remaining 9 works also involving a final expenditure of Rs.7,493/- and advance of Rs.4,281-12-0 in order to provide for any future contingency that may arise in the affected parts of the Gubbi Taluk.

I have the honour to be,

Sir,

Your most obedient servant,

K Chandy

Revenue Commissioner.

Copy of letter No.O.C.1840/22-23 dated 27th May 1924 from the Deputy Commissioner, Tumkur District, to the Revenue Commissioner in Mysore, Bangalore.

I have the honour to state that the starting of the marginally noted tank maintenance works is very necessary to afford work for cooly class and that estimates have been prepared for the same. As the maintenance cost of each of these tanks exceeds one year's assessment, I request that sanction of Government may kindly be obtained to start them, the excess amount over one year's assessment being recommended to be borne by Government, as the chief aim at present is to provide labour.

2. Sanction of Government may kindly be obtained also to start when necessity arises, the other tank works mentioned in the enclosed statement for which estimates are ready.
